The 5 Choices® to Extraordinary Productivity process measurably increases productivity of individuals, teams, and organizations. Participants make more selective, high-impact choices about where to invest their valuable time, attention, and energy.

1. **ACT ON THE IMPORTANT**  
   don’t react to the urgent  
   In today’s world, people are drowning in email, overwhelmed with demands, and trying to do more with less. 5 Choices participants filter the vitally important priorities from distractions so they can focus on making a real contribution.

2. **GO FOR EXTRAORDINARY**  
   don’t settle for ordinary  
   Everyone wants to make a difference, but competing priorities often prevent them from achieving extraordinary results. 5 Choices participants redefine their roles in terms of extraordinary results to achieve high-priority goals.

3. **SCHEDULE THE BIG ROCKS**  
   don’t sort gravel  
   The crushing increase in workday pressures can make people feel helpless and out of control. 5 Choices participants regain control of their work and lives through a cadence of planning and execution that produces extraordinary outcomes.

4. **RULE YOUR TECHNOLOGY**  
   don’t let it rule you  
   An electronic avalanche of email, texts, and social-media alerts seriously threaten productivity as never before. 5 Choices participants leverage their technology and fend off distractions by optimizing platforms like Microsoft® Outlook® to boost productivity.

5. **FUEL YOUR FIRE**  
   don’t burn out  
   Today’s exhausting, high-pressure work environment burns people out at an alarming rate. Applying the 5 Energy Drivers™, participants benefit from the latest in brain science to consistently recharge their mental and physical energy.
